
CERTIFIED CHAINSAW OPERATION & MAINTENANCE

FROM: MARITIME COLLEGE OF FOREST TECHNOLOGY

SUBJECT: June 22, 23, & 24, 2010 course offering

The Maritime College of Forest Technology's, Department of Continuing Education is pleased to offer **Certified Chainsaw Operation & Maintenance** training. This is a three-day course available on June 22, 23, & 24th. Please see the attached announcement for specific course details.

The college has a long history of training professionals safe and efficient methods of chain and spacing saw operation. Our clients include forest industry, natural resource departments in governments, military, and land owner groups. Our focus is on developing safe & efficient skill through 'hands on' training.

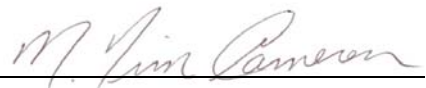

Chief instructor Phil Hughes has vast experience with both spacing saw and chainsaw instruction. His easy-going manner and ability to relate to all learning levels prove very effective in all training situations. As in all Continuing Education courses, safety is the first and foremost objective.

Participants are encouraged to bring their own saw and safety equipment (chainsaw pants, chainsaw boots, and chainsaw helmet). All maintenance can be performed on the participants saw resulting in a safe and well performing saw. All of the aforementioned equipment can be supplied by the college if required. There is an additional cost for equipment rental.

Please note that as seats are limited, please apply early. Companies and organizations can purchase the entire course – please call us for details. Custom spacing saw training is also available.

training is expensive
good training is very expensive
no training is most expensive

If you have any questions or wish to reserve a seat on this or any other course, please call (506) 458-0643.

N. Tim Cameron, Director
Department of Continuing Education

CERTIFIED CHAINSAW OPERATION & MAINTENANCE

DATES: This course is a full day format running from 8:00 AM to 4:30 PM each day on June 22, 23, & 24, 2010.
