

1.0 INTRODUCTION

1.1 OBJECTIVE..... 1-1
 1.2 DISCLAIMER..... 1-1
 1.3 REGULATIONS..... 1-2
 1.3.1 Permitting Agency 1-2
 1.3.2 Legal Definitions 1-2
 1.3.3 Working Definition of a Watercourse 1-3
 1.3.4 Tips on Identifying Watercourses 1-4
 1.3.5 Determining Channel Width..... 1-4
 1.3.6 Presence of Fish Habitat 1-5
 1.3.7 Regulating Precepts 1-6
 1.3.8 Permitting System 1-8
 1.3.9 Working on Crown Lands 1-8
 1.4 COMPLETION OF TRAINING PROGRAM..... 1-9
 1.4.1 Activities Permitted Under Certification 1-9
 1.4.2 Responsibilities of Certified Individuals 1-9
 1.5 AUDITING WATERCOURSE AND WETLAND ALTERATIONS..... 1-10

2.0 WATERCOURSE AND WETLAND ALTERATION PERMITS FOR CERTIFIED INDIVIDUALS

2.1 WATERCOURSE ALTERATION CERTIFICATION PROGRAM 2-1
 2.2 PERMIT APPLICATION PROCESS 2-1
 2.3 REVIEW PROCESS 2-2
 2.4 PERMIT EXCLUSIONS 2-5
 2.5 WETLANDS..... 2-5

3.0 IMPACTS OF WATERCOURSE ALTERATIONS

3.1 BASIC PARAMETERS OF WATERCOURSES..... 3-1
 3.2 EROSION 3-1
 3.3 SEDIMENTATION 3-2
 3.4 METHOD OF DEFENSE 3-2

4.0 PLANNING WATERCOURSE ALTERATIONS FOR THE CONSTRUCTION OF A NEW ROAD

4.1 ROAD LOCATION PLANNING..... 4-1
 4.1.1 Avoiding Sensitive Areas and Species at Risk 4-1
 4.1.2 Field Inspection 4-2
 4.2 ROAD PLANNING PROCESS 4-3
 4.2.1 Road Layout Process 4-3
 4.2.2 Finalizing Road Location 4-4
 4.3 PLANNING A WATERCOURSE CROSSING LOCATION..... 4-4
 4.3.1 Identifying Ideal Watercourse Crossing Locations..... 4-5

| | | |
|-------|---------------------------------------------------------|-----|
| 4.3.2 | Information to Gather During the Field Inspection | 4-5 |
| 4.3.3 | Measuring Watercourse Features | 4-6 |
| 4.4 | FISH PASSAGE..... | 4-8 |
| 4.5 | TIMING OF AN ALTERATION..... | 4-8 |

5.0 SURVEYING FOR WATERCOURSE CROSSINGS

| | | |
|-------|-------------------------------------------|-----|
| 5.1 | TERMINOLOGY | 5-1 |
| 5.2 | SURVEYING..... | 5-3 |
| 5.3 | EQUIPMENT | 5-3 |
| 5.3.1 | How to Set Up a Transit Level..... | 5-3 |
| 5.3.2 | Leveling and Using the Instrument | 5-4 |
| 5.3.3 | How to Read a Transit Level | 5-4 |
| 5.3.4 | Helpful Hints for Levels..... | 5-4 |
| 5.3.5 | Common Levelling Mistakes..... | 5-5 |
| 5.3.6 | Calculating Difference of Elevation..... | 5-5 |
| 5.4 | SETTING BENCHMARKS | 5-6 |
| 5.5 | SITE SURVEY | 5-6 |
| 5.5.1 | Begin Survey | 5-6 |
| 5.5.2 | Reducing Elevations..... | 5-8 |
| 5.6 | CREATE A WATERCOURSE PROFILE DIAGRAM..... | 5-9 |

6.0 GENERAL REQUIREMENTS FOR ALL WATERCOURSE ALTERATIONS

| | | |
|--------|------------------------------------------------------------------|------|
| 6.1 | WATER CONTROL MEASURES WHEN WORKING IN A WATERCOURSE | 6-1 |
| 6.1.1 | Sizing Requirement | 6-1 |
| 6.1.2 | Cofferdams..... | 6-1 |
| 6.1.3 | Dam and Pump Method..... | 6-3 |
| 6.1.4 | Temporary Diversions | 6-4 |
| 6.2 | EROSION PREVENTION AND SEDIMENTATION MANAGEMENT | 6-5 |
| 6.2.1 | Environmental Considerations..... | 6-5 |
| 6.2.2 | All Projects: Preventing Problems | 6-6 |
| 6.2.3 | Large Projects: Erosion and Sedimentation Prevention Plans | 6-7 |
| 6.2.4 | Planning Considerations..... | 6-7 |
| 6.2.5 | Road Crowning..... | 6-8 |
| 6.2.6 | Roadside Ditches | 6-8 |
| 6.2.7 | Check Dams..... | 6-9 |
| 6.2.8 | Straw/Hay Bale Barriers | 6-10 |
| 6.2.9 | Silt Fence Construction | 6-11 |
| 6.2.10 | Settling Pond (or Sediment Trap)..... | 6-11 |
| 6.2.11 | Off-Take Ditches | 6-12 |
| 6.2.12 | Cross-Drainage Culverts | 6-13 |
| 6.2.13 | Temporary Mulching..... | 6-14 |

| | | |
|--------|--------------------------------------------------------------|------|
| 6.2.14 | Permanent Re-Vegetation | 6-14 |
| 6.3 | MAINTENANCE OF MACHINERY AND PETROLEUM MANAGEMENT | 6-15 |
| 6.3.1 | Machinery and Equipment..... | 6-15 |
| 6.3.2 | Fuel Handling and Transfer..... | 6-15 |
| 6.3.3 | Clean-up Material | 6-15 |
| 6.3.4 | Storage..... | 6-16 |
| 6.3.5 | Reporting Procedures..... | 6-16 |
| 6.3.6 | Containment..... | 6-16 |
| 6.3.7 | Clean-up Procedures..... | 6-17 |
| 6.4 | MATERIALS USED IN AND NEAR WATERCOURSES AND WETLANDS..... | 6-17 |
| 6.4.1 | Fresh Concrete..... | 6-17 |
| 6.4.2 | Treated Wood..... | 6-18 |
| 6.4.3 | Rock material | 6-18 |
| 6.5 | SITE CLEAN-UP | 6-19 |

7.0 CULVERT INSTALLATION

| | | |
|--------|--------------------------------------------------------|------|
| 7.1 | BASIC STANDARDS..... | 7-2 |
| 7.2 | TYPES OF CULVERTS | 7-3 |
| 7.3 | CULVERT SIZING | 7-5 |
| 7.3.1 | Calculating Diameter: Parameters..... | 7-5 |
| 7.3.2 | Calculating Diameter for a Closed-Bottom Culvert | 7-7 |
| 7.4 | FISH PASSAGE | 7-13 |
| 7.4.1 | Watercourse Gradient/Slope and Fish Passage..... | 7-14 |
| 7.4.2 | Calculating Watercourse Gradient/Slope..... | 7-15 |
| 7.5 | CALCULATING CULVERT LENGTH..... | 7-18 |
| 7.5.1 | Culvert Length when Using Rip-Rap | 7-18 |
| 7.5.2 | Culvert Length when Using Headwalls | 7-20 |
| 7.6 | MULTIPLE CULVERTS | 7-20 |
| 7.7 | TIMING OF INSTALLATION..... | 7-21 |
| 7.8 | CLOSED-BOTTOM CULVERT INSTALLATION | 7-21 |
| 7.8.1 | General Practices | 7-22 |
| 7.8.2 | Working in Isolation of the Stream Flow | 7-22 |
| 7.8.3 | Installation | 7-23 |
| 7.8.4 | Backfilling | 7-25 |
| 7.8.5 | Stabilization | 7-26 |
| 7.8.6 | Road Approaches..... | 7-28 |
| 7.9 | ENERGY DISSIPATION POOLS..... | 7-29 |
| 7.9.1 | Design | 7-29 |
| 7.10 | STREAM SIMULATION CULVERTS | 7-30 |
| 7.10.1 | Span the Stream | 7-31 |
| 7.10.2 | Set the Elevation Right..... | 7-32 |
| 7.10.3 | Slope Matches the Stream | 7-32 |
| 7.10.4 | Substrate in the Crossing | 7-32 |

| | | |
|------------|-----------------------------------------------------------------------|------|
| 7.11 | REPLACING CULVERTS | 7-33 |
| 8.0 | INSTALLATION OF AN OPEN-BOTTOM CULVERT AND BRIDGE CONSTRUCTION | |
| 8.1 | OPEN-BOTTOM CULVERTS | 8-2 |
| 8.1.1 | Basic Standards | 8-2 |
| 8.2 | OPEN-BOTTOM CULVERT SIZING..... | 8-2 |
| 8.3 | OPEN-BOTTOM CULVERT INSTALLATION | 8-5 |
| 8.3.1 | Timing of Installation..... | 8-5 |
| 8.3.2 | Environmental Considerations..... | 8-5 |
| 8.3.3 | General Practices | 8-6 |
| 8.3.4 | Working in Isolation of the Stream Flow | 8-7 |
| 8.3.5 | Installation | 8-7 |
| 8.3.6 | Stabilization | 8-8 |
| 8.3.7 | Road Approaches..... | 8-9 |
| 8.3.8 | Replacing a Closed-Bottom Culvert with an Open-Bottom Culvert..... | 8-10 |
| 8.4 | BRIDGES VERSUS CLOSED-BOTTOM CULVERTS..... | 8-11 |
| 8.4.1 | Environmental Considerations..... | 8-11 |
| 8.4.2 | Crossing Location Considerations..... | 8-11 |
| 8.5 | PERMANENT BRIDGES | 8-11 |
| 8.5.1 | Basic Standards | 8-11 |
| 8.6 | BRIDGE MATERIAL | 8-12 |
| 8.7 | BRIDGE SIZING | 8-12 |
| 8.7.1 | Calculating the Design Flow | 8-13 |
| 8.7.2 | Calculating the Waterway Opening | 8-13 |
| 8.7.3 | Verifying Bridge Size - Does it Meet the Requirements?..... | 8-14 |
| 8.7.4 | Bridge Length | 8-16 |
| 8.8 | BRIDGE CONSTRUCTION | 8-16 |
| 8.8.1 | Timing of Construction..... | 8-16 |
| 8.8.2 | General Practices | 8-16 |
| 8.8.3 | Working in Isolation of the Stream Flow | 8-17 |
| 8.8.4 | Constructing Bridge Abutments..... | 8-17 |
| 8.8.5 | Constructing a Bridge | 8-18 |
| 8.8.6 | Protecting the Bridge Abutments..... | 8-19 |
| 8.8.7 | Road Approaches..... | 8-19 |
| 8.9 | REPLACING BRIDGES | 8-20 |
| 8.9.1 | Replacing a Closed-Bottom Culvert with a Bridge..... | 8-20 |
| 8.9.2 | Replacing the Decking of a Bridge | 8-20 |
| 8.10 | TEMPORARY BRIDGES | 8-20 |
| 8.10.1 | General Practices | 8-21 |
| 8.10.2 | Temporary Bridge Construction | 8-22 |

9.0 MAINTENANCE OF ROADS AND WATERCOURSE CROSSINGS

9.1 BASIC STANDARDS 9-2

9.2 WATERCOURSE CROSSING STRUCTURES 9-2

 9.2.1 Culvert Maintenance..... 9-3

 9.2.2 Bridge Maintenance 9-4

9.3 ROAD MAINTENANCE 9-4

 9.3.1 Resurfacing the Roadway 9-5

 9.3.2 Grading the Road 9-5

 9.3.3 Brush Maintenance within Right-of-Ways..... 9-6

9.4 MAINTENANCE OF DRAINAGE CONTROL STRUCTURES 9-6

 9.4.1 Roadside Ditches 9-6

 9.4.2 Check Dams..... 9-7

 9.4.3 Hay/Straw Bales and Silt Fences 9-7

 9.4.4 Settling Ponds (or Sediment Traps) 9-7

 9.4.5 Off-Take Ditches 9-8

 9.4.6 Cross-Drainage Culverts 9-8

9.5 DECOMMISSIONING A ROAD 9-8

 9.5.1 Water Bars 9-9

 9.5.2 Removal of a Culvert..... 9-10

 9.5.3 Removal of a Bridge 9-11

9.6 BEAVER ACTIVITY 9-12

 9.6.1 Removal of Beaver(s)..... 9-12

 9.6.2 Removal of a Beaver Dam 9-12

 9.6.3 Guidelines 9-13

 9.6.4 General Practices..... 9-13

 9.6.5 Chronic Beaver Activity 9-14

10.0 EROSION AND BANK PROTECTION

10.1 DEFINITION 10-2

10.2 OBJECTIVES 10-2

10.3 PLANNING CONSIDERATIONS 10-2

10.4 COMMON PRODUCTS USED FOR EROSION PREVENTION..... 10-3

 10.4.1 Vegetation 10-3

 10.4.2 Structural Products..... 10-3

 10.4.3 Choosing an Erosion Protection Product..... 10-3

10.5 BIOTECHNICAL/VEGETATION 10-4

 10.5.1 Definition 10-4

 10.5.2 Objectives..... 10-4

 10.5.3 Planning Considerations..... 10-5

 10.5.4 Guidelines 10-5

10.6 RIP-RAP 10-6

 10.6.1 Definition 10-6

 10.6.2 Planning Considerations..... 10-7

 10.6.3 Environmental Considerations..... 10-7

| | | |
|--------|-----------------------------|------|
| 10.6.4 | Construction | 10-7 |
| 10.6.5 | Guidelines | 10-7 |
| 10.7 | TIMING OF INSTALLATION..... | 10-9 |

11.0 TIMBER HARVESTING

| | | |
|--------|----------------------------------------------------|------|
| 11.1 | DEFINITIONS | 11-2 |
| 11.2 | OBJECTIVES | 11-2 |
| 11.3 | PLANNING CONSIDERATIONS | 11-2 |
| 11.4 | ENVIRONMENTAL CONSIDERATIONS..... | 11-3 |
| 11.4.1 | Buffer Zone..... | 11-3 |
| 11.5 | ACTIVITIES ASSOCIATED WITH TIMBER HARVESTING | 11-3 |
| 11.6 | HARVESTING | 11-4 |
| 11.7 | GUIDELINES | 11-4 |

12.0 WATER INTAKE STRUCTURES

| | | |
|--------|---------------------------------------------|------|
| 12.1 | DEFINITION | 12-2 |
| 12.2 | OBJECTIVES | 12-2 |
| 12.3 | WATER WITHDRAWAL WITHIN CERTIFICATION | 12-2 |
| 12.3.1 | Dry Hydrants | 12-2 |
| 12.4 | PLANNING CONSIDERATIONS | 12-3 |
| 12.4.1 | Environmental Considerations..... | 12-3 |
| 12.4.2 | Water Requirements..... | 12-3 |
| 12.5 | GUIDELINES | 12-4 |

13.0 GLOSSARY OF TERMS

14.0 REFERENCES OF DOCUMENTS

APPENDICES

| | | |
|-------------|-------------------------------------------------------------------|------|
| APPENDIX A: | NOMOGRAPHS..... | ii |
| A-1 | Corrugated Steel Circular Pipe | ii |
| A-2 | Concrete/Plastic Circular Pipe..... | iii |
| A-3 | Corrugated Steel Pipe Arch..... | iv |
